Dear Member,

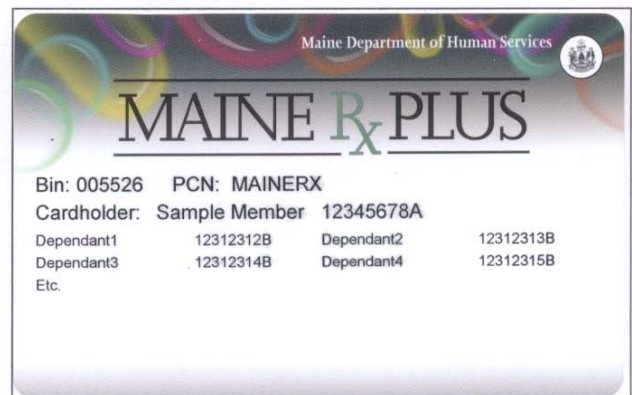

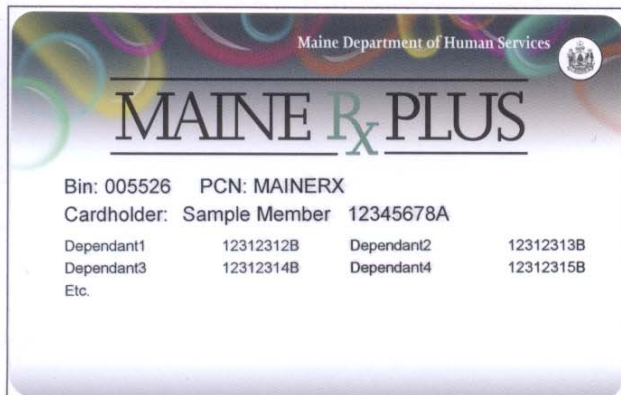

Your new Maine Rx Plus drug cards are attached. You may use these cards for the Maine Rx Plus Program and, if you are eligible, the Low Cost Drugs for the Elderly and Disabled Program.

Beginning January 1, 2004, you must show this card to your pharmacist to buy prescriptions at a lower cost.

When you need to re-enroll, we will send you a form. We will send this information to you before you lose eligibility for this program. As long as you remain eligible for Maine Rx Plus you can use the same card. If you lose your card or need to make any changes, please call 1-866-RxMaine (1-866-796-2463) for a new card.

A brochure that explains this program is enclosed.

Please feel free to call 1-866-RxMaine (1-866-796-2463) if you have any questions.

Healthy Savings on Prescription Drugs
