**Re:** Pyzchiva (ustekinumab-ttwe) Coverage Clarification

<b>Effective Date: 1/1/2026</b>	
<b>BIN: 005526</b>	<b>PCN: MEPOP</b>
<b>BIN: 005526</b>	<b>PCN: MEPARTD</b>

We've received inquiries about Pyzchiva (ustekinumab-ttwe) appearing under different manufacturers. Please note the following:

Sandoz-labeled Pyzchiva is the preferred Pyzchiva biosimilar on the MaineCare PDL. Cordavis-labeled versions are not currently covered. Coverage is determined by the NDC and labeler. Claims for Pyzchiva may reject if submitted under Cordavis-labeled versions when only Sandoz-labeled Pyzchiva is covered. When troubleshooting coverage issues or claim rejections, please confirm the NDC and labeler.

Please be advised that the current Bank Identification Number (BIN) referenced above is not owned or managed by OptumRx. Any claims, processing, or inquiries related to this BIN should be directed to the appropriate entity responsible for its administration using the contact information provided above. OptumRx assumes no liability for transactions processed under this BIN.
